

# MS LICENSE PLATE - UPDATE

For more than two years, the NC Chapters of the National MS Society have promoted the availability of a MS License Plate. Sincere appreciation goes to many of you that have purchased an MS Plate for yourselves and family members and have patiently waited for your MS License Plate. Still, to date, we lack the number of applications needed to begin production.

The creation of an MS license plate is an advocacy and awareness victory on which we have yet to capitalize. It is *imperative* that we get 300 applications as soon as possible. If you have not done so already, please consider applying for the NC MS license plate, so that we can reach our goal and carry out final production of the plates.

In an effort to make the MS License Plate a reality in the near future, the North Carolina Chapters will **cover the cost of a MS license plate** for the first 300 applications. This is a cost of \$25 per application for plates numbered 1 thru 300, \$10 of which goes to the North Carolina Department of Transportation – Division of Motor Vehicles. Personalized MS Plate with a four letter word or combination of four letters and/or numbers will now be \$30 rather than \$55. **OR you can join the MISSION FIRST CLUB by paying the full fee of \$25 or \$55 (personalized). All funds raised through the MS License Plate will go to the Chapters' awareness and outreach efforts.**

To apply for the MS license plate and have your initial cost covered; please mail your completed application to: National MS Society, 3101 Industrial Drive, Suite 210, Raleigh, NC, 27609. If you have already applied and paid for a license plate and wish to have your money refunded to take advantage of this offer, please contact the Eastern NC Chapter at (919) 834-0678 or e-mail [nct@nmss.org](mailto:nct@nmss.org).
